To Our Valued Business Partners:

We want to provide you with an update regarding our approach to the ongoing spread of Coronavirus (COVID-19). It is important to again state that CHL Systems has been taking full precautions to protect the health and safety of all our Team Members, suppliers and clients.

Pennsylvania Governor Tom Wolf declared that only life-sustaining businesses should continue to operate. CHL Systems is a life-sustaining business providing products and services to multiple life-sustaining businesses.

Please be assured we will continue to maintain, and adjust as needed, location-wide efforts to ensure social distancing practices and other mitigation measures defined by the Centers for Disease Control and Prevention to protect our workers and customers.

Once again, if there is anything we can do to support your organization during these challenging times, please do not hesitate to contact me directly. Today and in the future we stand ready to provide all our business partners with the highest level of service available in the industry.

Sincerely,

Mike Giagnacova
